## REFINED ALTERNATIVES - SEPTEMBER 2011

The Utah Department of Transportation (UDOT), in cooperation with the Federal Highway Administration (FHWA), is preparing an Environmental Impact Statement for a potential transportation corridor in western Davis and Weber counties.

Following the February 2011 public open houses and comment period, the West Davis Corridor Study Team evaluated the feedback provided by residents, farmers, cities, counties, state and federal resource agencies and other interested groups.

The feedback received has been helpful in improving the alternatives with the goal of finding a transportation solution that will benefit western Davis and Weber counties. A map of the refined alternatives is included on the back of this handout and on our study website, **[udot.utah.gov/westdavis](http://udot.utah.gov/westdavis)**.

No final decisions have been made. The refined alternatives are another step in the process and alignments can still change. A final alternative will not be selected until the end of the study in 2013.

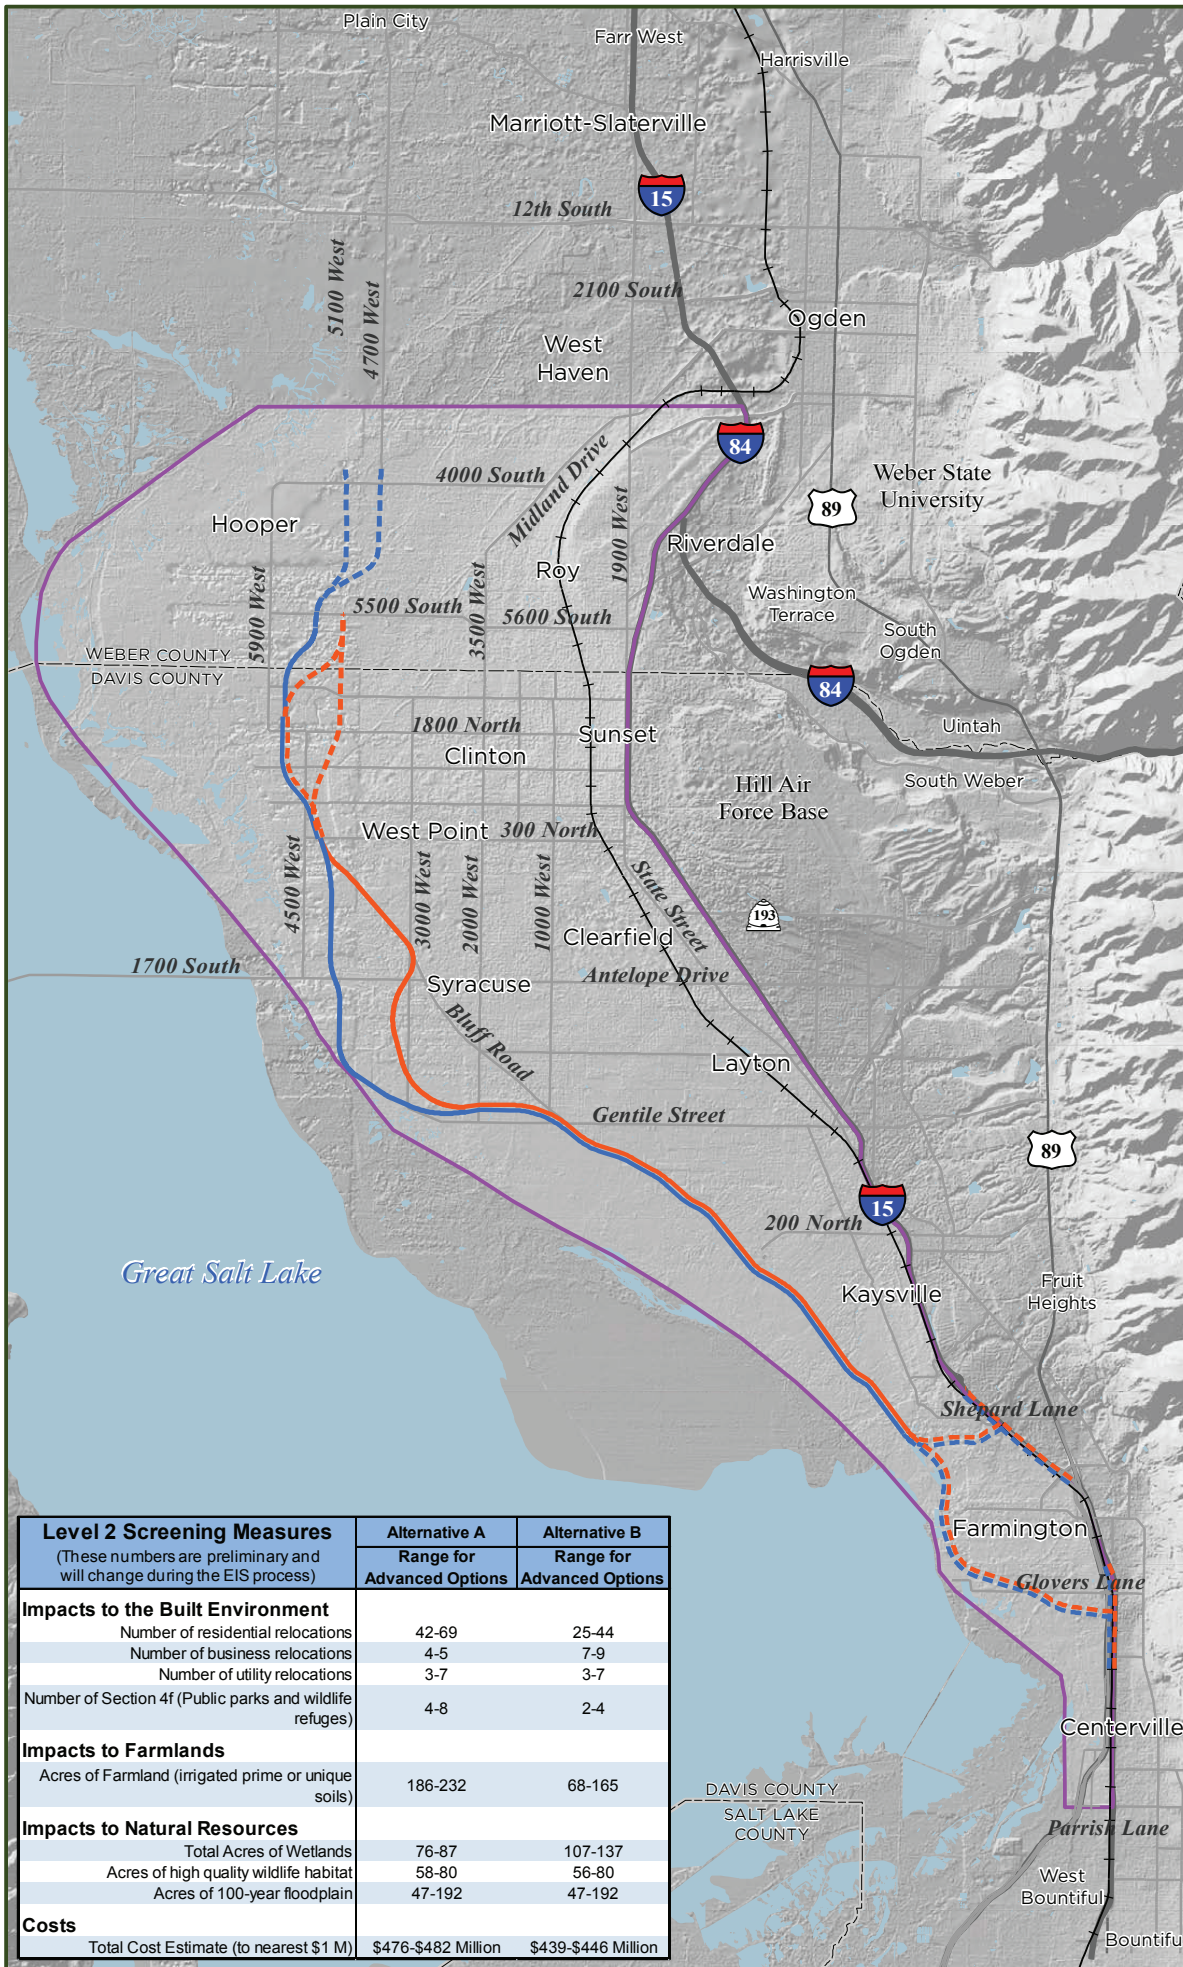

### HOW CAN I PROVIDE FEEDBACK?

We will be studying the refined alternatives in greater detail during the coming months and will hold a public hearing to get further feedback in summer 2012. We invite you to be involved and share your comments throughout the study.

For a copy of the refined alternatives maps, visit **[udot.utah.gov/westdavis](http://udot.utah.gov/westdavis)** or call **877-298-1991**. If you have questions or would like to provide additional feedback regarding the study, call **877-298-1991**, email **[westdavis@utah.gov](mailto:westdavis@utah.gov)**, or use the online comment form at **[udot.utah.gov/westdavis](http://udot.utah.gov/westdavis)**.

## ENVIRONMENTAL IMPACT STATEMENT

### Legend

- Alternative A
- - - Alternative A Options
- Alternative B
- - - Alternative B Options
- + + + FrontRunner
- Highway/Interstate
- US Highway
- State Road
- Study Area Boundary
- County Boundary

### Alternatives Advanced to Draft EIS

Level 2 Screening Measures (These numbers are preliminary and will change during the EIS process)		Alternative A Range for Advanced Options	Alternative B Range for Advanced Options
<b>Impacts to the Built Environment</b>			
Number of residential relocations		42-69	25-44
Number of business relocations		4-5	7-9
Number of utility relocations		3-7	3-7
Number of Section 4(f) (Public parks and wildlife refuges)		4-8	2-4
<b>Impacts to Farmlands</b>			
Acres of Farmland (irrigated prime or unique soils)		186-232	68-165
<b>Impacts to Natural Resources</b>			
Total Acres of Wetlands		76-87	107-137
Acres of high quality wildlife habitat		58-80	56-80
Acres of 100-year floodplain		47-192	47-192
<b>Costs</b>			
Total Cost Estimate (to nearest \$1 M)		\$476-\$482 Million	\$439-\$446 Million
